Bi-Folding Doors

Bi-folding doors are an alternative to Sliding Patio and French Doors by maximising the opening space available. They can be used in a variety of locations such as extensions, conservatories or as internal room dividers. Modern and stylish, bi-folding doors are an innovative way to enlarge the feel of any room and to connect the inside with the outside.

Features at a glance

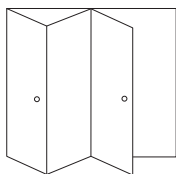

- Compatible with other Spectus products ensuring a consistent finish across the range
- Inward or outward opening options
- Two to seven panels can be manufactured in a number of different configurations
- Doors fold back against each other to maximise space
- Rigorous in-house heater performance testing carried out to requirement PAS23
- A wide range of colour and woodgrain foil finishes available
- The bottom track can also be concealed for reduced threshold height
